

## Becca Caldwell

November 7, 2023

For thirteen years,

Becca stole our hearts by bringing unconditional love and joy to our home. Becca was a one-of-a-kind fur baby. She was a protector, playmate, friend, and loyal companion.

She was very smart and extremely affectionate. She loved food, her family and barking at unsuspecting delivery people.

We have been so blessed to have shared her life with her. She will be truly missed but never forgotten. Our memories of her will last forever.

-Until we meet again, Becca;

**WE LOVE YOU!**

“ *Becca was my absolute best friend. she was there for me through everything. She saw me graduate elementary school, middle school, intermediate school, high school and then eventually beauty school as well. she was there for my mental breakdowns, my screaming sessions, my EVERYTHING. i don't have any memory of my life without Becca which makes this new normal so much harder. i truly don't think that I would be where I am today without her as my loving companion throughout all of my childhood into my adulthood. she is and forever will be in my heart. the house feels emptier without your infectious energy my sweet sweet girl & there's not a single morning Whiskey isn't looking for a kiss from his big sister. until i see you again my baby <3*

“ *I'll always remember the day we went to pick Becca up from the airport via Ohio, from the breeder. Whole family was there and she was named on that trip. I also appreciated her protecting our family, there wasn't a delivery made to the house the wasn't met with a loud bark. Becca vetted everyone that entered the home, and could instinctively knew someone's intentions. I will miss coming home late from work and being greeted at the door. She was another daughter, and a loyal family memeber. I love you and will miss you Becca!*
