“ We were blessed with our beloved dog, Bella, since 2011. My son Miguel brought her home as a gift for his sister Jasiely when she was 4, and Bella was just a vibrant four-month-old puppy. This gesture helped Jasiely cope with the grief of losing their father when she was only 3. Miguel believed Bella could provide the comfort and companionship Jasiely needed during this difficult time.

*From the very moment Bella entered our lives, it was evident that God had a special purpose for her in our family. Over the course of 14 remarkable years—equating to about 72 years in human terms—Bella brought us endless joy and happiness. Her unwavering spirit was a testament to her remarkable character and the unconditional love she shared with us. Throughout the years, we watched as she displayed incredible resilience, overcoming numerous hardships and challenges that arose during her life. Despite any struggles she faced, Bella never gave up; she continued to shower us with affection and remind us of the beauty of loyalty and companionship.*

*As we reflect on the countless priceless memories and treasured moments we shared with her, we realize just how deeply she touched our hearts. Each wag of her tail, gentle nuzzle, and loving gaze created an indelible bond that we will cherish forever. Now, as we come to terms with her passing, we find solace in knowing that Bella is finally at peace, free from any pain or suffering that she may have encountered in her later years.*

*Through this process of grief, we remind ourselves that God is ultimately in control of all things. We take comfort in the belief that He orchestrates every aspect of our lives, and we are profoundly grateful to Him—our Abba—for all the furry babies he has created and allowed us to welcome into our family. Bella was not just a pet; she was a cherished family member who enriched our lives in countless ways. Though we miss her dearly, we take pride in knowing that her spirit remains with us. Rest in peace, 🕊️ Bella. Your legacy of love will forever live on in our hearts. Love you always 💕 Jasiely, Coco,*
