“ *My Condolences to you and so sorry for your loss. Animals become family to us, and it hurts to lose them. I am positive you gave her a great home and a lot of love that gave her a great life.*

“ *Rest In Peace to my 1st cat-niece. Even though it was a true love/hate relationship, you were loved. I will never forget you, I mean how could I. I will miss always having my eye out for you to make sure I wasn't in your space. Every time I look down at my finger, the scar you left there will always remind me of you xoxo You will be missed*
