“ *Chrissy was our Christmas gift in December of 1998 , 3 months after Our Sylvestress had past away. She has been our little girl for almost 18 years. No other pet can replace her , the Love we gave to her and the Love she gave back to us. She will forever be on our minds and in our hearts. We will have another fury friend in our home but we need time to mourn her passing. To our Chrissy Love always
Daddy*

To my Chrissy pie, my baby girl, mommy and daddy will forever be greatful to God for giving us your soul to take care of. We will be forever thankful for having you in our lives. Be with grandpa and keep him company now in heaven. Love you always Mom and Dad
