“ *Daisy I miss you.*

**shannon wisener** - April 21, 2015 at 09:07 PM

“ *I remember you coming home to be mine. How you and I were meant to be each other's soulmate. How you instantly knew I was mommy and you were my Babygirl. You could read my emotions better than anyone else. You always comforted me when I needed it. And I was your protector when the thunderstorms came and the fireworks. You hated wearing your thunder shirt but that thing really helped calm you. I miss you more than I could ever express in words. I still look for you when I come home and it still surprises me in different ways when it hits me you are gone. The physical separation is so difficult. I know you are happy and free. And I know you are still with me. And I will love you and keep you in my heart forever.*
