“ *My heart really hurts to finally accept you are gone and while other people may look at you like just a cat you were my family and best friend and I am truly heart broken. It's been over 5 months since you have been gone and I been thinking about you a lot lately and just terribly miss you. I love you from the bottom of my heart and pray that one day I will see you again.*

“ *Another great memory of Felix is that he loved to play and he never missed any opportunity to chase toys, lasers or any moving string objects. He was such a energetic and playful cat and loved playing and running around the house with his dog brother Lucky. He would always be at the door to greet us when coming home and loved to cuddle at night. It was always a morning ritual to be awoken by felix sitting on my stomach or side waiting patiently for his morning treat. I love you so much Felix and it's going to be so hard to get by without you. You are greatly missed my pumpkin.* ”

“ One of the best memories of Felix is how he loved to jump on my shoulders and give little head nod kisses. He was truly one of the sweetest and good hearted cats and will be forever missed. Felix also loved to play and would never miss an opportunity to chase toys, lasers or one of his favorite things to do run around the house with his dog brother Lucky.
