“ To our best buddy Henry,
We are going to miss getting to hangout with you, having our doors open so you could run across the hall to have some boy time! Every morning we looked forward to you following us to the elevator to send us off to work 😊 Thank you for all the memories from meeting you as a kitten to watching you grow into the gorgeous boy you are. Rest easy Hendog 🕊️
Love your buddies across the hall ❤️

“ My sweet little boy full of joy, vibrance and love. You were one of a kind and there are no words. I was so lucky to get to call you mine in this life, even if just for a moment. You were gentle with others, so calm and affectionate, so curious about life and wanted to be in the middle of the action all the time. You deserved so much more. Love you always, Henny Penny.
