“ I miss you Iris, I wish you were here for me to hug and kiss on. I could really use someone invading my space right now; like only you can do. I can't believe your not here, It's kind of comforting having all your stuff around; even though I know your not coming back. Mommy loves you always!!!!

“ When my husband first bought Iris home, I wasn't sure if it was going to work we already had an adult male pit bull(who was accustomed to being the only ..lol). But, from the first day she came, all she wanted to do was be loved and be spoiled. I fell right into her trap, I have been putty in her hand ever since. Iris was definitely the daughter me and my husband never had. Unfortunately, God has not blessed us with kids yet but we were blessed with Iris and Henny our daughter and son (Our Kids). I love her so much, I will miss my sidekick, she was always up under me(my shadow). She will be so missed. My baby girl, my mama's...I'll see you later mama's!
