“ Kahlua will forever have a piece of my heart. She came into my life at a time where I was grieving my own beloved dog. They were so much alike and when I came over she knew exactly what I needed. She would always jump on the sofa and curl up on me. I love you baby girl!

“ When i first met Kahlua. She was a little brat. Running around starting fights with all the other dogs. She was a trouble maker. Then the day Kristen walked in and they locked eyes for the first time it was like nothing else mattered. Not one of the people or dogs in that room existed besides for the 2 of them. The feeling in the room was nothing less than 2 soul mates meeting for the first time. It was fate. As soon as they met almost instantly that Kahlua changed from her trouble making ways. It was almost like she didnt need to. She had the person she was meant to be with. From that day on Kahlua never left Kristens side. They laughed together. Cried together. Ate together. Slept together. And we all fell in love with her. Completely head over heels in love with her. I truthfully cannot name a single person that met Kahlua and had a negative thing to say about her. Whenever anyone is talking about why pits are so bad the first thing my mom says is about Kahlua and how amazing and loving of a dog she is. Kahlua is the only dog that can run into my house unannounced run down the hall and catapult straight into my mom's bed while shes half asleep and my mom is ecstatic that its her. Any other dog would get pushed off and yelled at but no. Not Kahlua. Peanut ia sure as hell gonna miss his girlfriend. Kahlua. We all love u more than words can express. Your life was way too short and your time with us was way too quick. But you have left Kahlua size paw prints on each and every one of our hearts. And even though your time was cut short. You know that your mommy loved u enough for 10 life times. We are all in pain from losing you but you left happy knowing that mom that you spent the last 7 years with loves you more than life itself. She made her entire world about you. We all love you so much and we will never stop missing you.

O by the way. Whenever your laying in bed and mom is really sad and lonely and missing you, be sure to give her a nice Kahlua size fart so she knows that even though she cant see you, your still there. And won't ever leave her side. Rest Easy Sweet Girl.

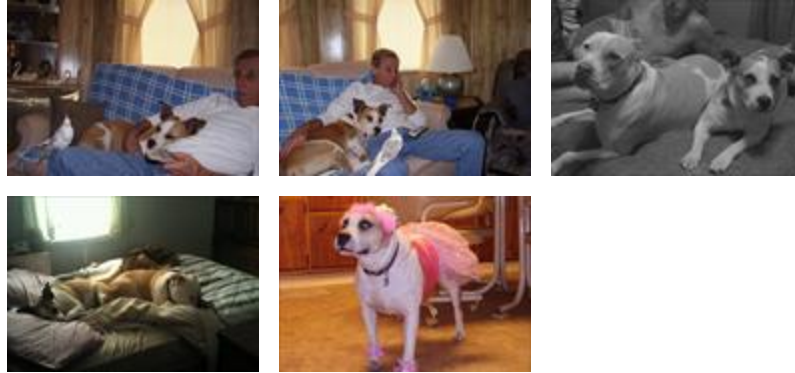

Kristen_Nicole. I love u with all my heart and more. I'm here. Just a

phone call away. No matter when or what time. If u need me ill be there. I love u.

“ *You put a smile on everyone's face, I loved how you would crawl in bed with me when your mom left for work, and how you played with our girls. I know you're in heaven Lua because you were one of the sweetest pups I had the pleasure of knowing. You left your paw print on my heart!*
