“ *My Baby.* 🥹

My sister isn't doing well and I'm so heartbroken to be so helpless. Mami is scheduled for surgery followed by Tia. It's too much to worry about every woman I actually care for all at the same time.

I met a puppy Phoebe in the park the other day.

She's joined a family that buried a beloved 14 year old lab. Doggy came to them a year to the day. Phoebe is 9mths. A golden lab like I thought you was gonna be. To see her made me miss you more and love you deeper.

Like Grandpa would say My Blondie.

Hello My Sweet BuggyBaby ☐

Mama misses you- duh.

A ladybug has been in the house for 3 days now, per our Daddy's count. Baby says it's You. 😞 😊

Tomorrow's the first day of summer and today it's been thundering LOUD, and heavy scattered showers.

*I wish you were alive to lie to about the rain.
I love you BuggyMama.*

“ Hey BuggaBaby ❤️❤️❤️❤️❤️
Father's Day this weekend.

I miss you. Especially when I get home, no one was ever more excited for my arrival.

No One.

Not even the Men that have loved me.

Not even My Momma. 😞

But a Dog... Waits at the door, listens out for the keys, whines when you smells you but doesn't see you. 😞

*I miss that Love.
I miss You Bug.*

“ Dear Ladybug,

I just wanted to take a moment to tell you how much you mean to me. You've been my little companion, my best friend, and my constant source of joy. Every wag of your tail, every soft cuddle, and even every silly bark you make just fills my heart with love. I can't imagine my days without you by my side, bringing your unique kind of sunshine.

You have this magical way of making everything better, no matter how tough the day might be. Your loyalty and unconditional love remind me of the simple, beautiful things in life. You have a way of making me feel like the luckiest person in the world, just by being you.

Thank you for the endless snuggles, the playful moments, and the way you always know how to brighten my day with your sweet face. You're not just a dog to me—you're family, and I'll always cherish every moment we spend together.

I love you more than words can say, Ladybug. You're my heart and soul, and I'm so grateful to have you in my life.

*Forever yours,
(Ai Composed)

trinkets perfectly.

It is my honor and grief to carry you every with me. ❤️

Gary's dad ripped off the " Beware of Dog" sign that was hanging on
the parking gate.

I think it means that he has moved on and doesn't want to be
reminded.

I feel as if I can tell that Gary's spirit is no longer at the house
anymore.

I still say hello to him every time I walk by. Because it's where I
know Gary to want to be. At home. By his owner. 😭

Thank you for taking care of Billy while I'm away at Tia's home.

“ My BuggyMaaammmaaaaassss 🐶🐶🐶🐶

I haven't posted on here in a bit but I be blowing you up on Facebook. You're all I talk about. I miss you hard. 🐶

In an hour it's your 13th birthday you old ass teenager. 😏 🐶

You're not here to be dressed up. But your Momma made you a "Pretty Girl".

I'm having a YouTube/Pandora music party for you.

“ Good Morning My BuggyMama 🤔
I miss you SO SO SO much.

Everything.

Every day.

Any where.

I think of you living, tears of gratitude.

I think of you not here, tears of lost.

Billy reminds me constantly that I can't talk about you around him.

He can't deal with lost. And I don't ever want to forget.

Hell, I talked about you more than my friends talked about their spouses 🤔😘.

I savor every digital memory and every instance in my days that you come to mind.

Sitting at the edge of the bed, tears flowing, stuffy nose sniffing... " Whose a Good Guuuuurrrrrrlllllllll" in my Billy voice. 😘

I love you LadyBug and I miss you so hard.

“ Guess what BuggyMama!!!
Nini's baby was born today!
I'm just now thinking about how every time a
family loses a dear loved one ..there's new life
the same year.

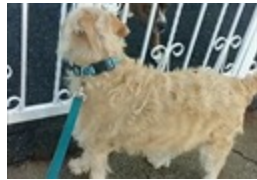

I love you BuggyMama.
And I miss you the most.

“ Today has been a hard day without you BuggyMama.

First, I ate a salad for lunch and I started to cry. You love salads. The crunchy cucumbers brought me to tears 😭.

Second, I suggested Fernando place a post it reminder to set the thermostat...I peered at the apartment door to see if the post-it notes I had up for you were still there...and just turning to my eyes to see ...I could feel the tension building up. The strain. The overwhelming emotion. The post-its we're gone. It shattered my heart.

But I also removed them earlier on because I knew they would be immediate reminders that you're not here BuggyMama.

Lastly, Billy yelled at me for leaving fire hazards when we leave the house.

" You be leaving things on, all fire hazards, I don't know why you be doing that."

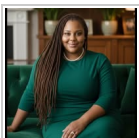

Because I leave it on for You BuggyMama.

I leave the TV on. I leave the fan on. I leave a light on. 💔

I leave it on for me. I can't take breaking down every time I walk in the dark.

A cold reminder that you're gone.

“ BTW... LadyBug Mota ☐ 🌀🌀🌀

I've always wondered what your last name was.

Sarah Mota - June 24, 2022 at 02:19 AM

“ It'll be six months next month. 🥺
Worse half birthday ever.
July 4th will be the hardest.
Every pop will make me think of you-
practically breaking a limp to hide and run
away from the scary noises.

Some naps, I hug you to sleep.

“ Hey My Baby 🥰🥰,
I miss you sooo much. 🥺
Your momma is in the shower, missing you being right on the floor
behind her.

You know how dangerous the bathroom is BuggyMama. 😬😂😓

My alarm, my supervisor, my BuggyBaby. 🤪

Billy brings up getting a dog.

I never got a dog. 🥺

I've only fallen in love.

My sweet baby. 🥹 It was my honor to care for you in your sickness and in health and during and after death. I love you so much. You were a pretty, comfortable BuggyMama all the way till the end. I hope you meet me when I die. Either way, I want to be buried with My Dog.
