Ashley Bukovsky - October 29, 2014 at 07:10 PM

“ Hey Len! How are things, wherever you are? I've been thinking a lot about you as of lately. Just the other night I had a dream, telling someone about your passing. I woke up with the reality that I'll be telling that story for the rest of my life. It was rather sad, to be frank, but I'm slowly starting to feel as though you are still here, and that you've never left. I hope for the rest of my life, I'll continue to feel your presence, which ever presence that may be. I love you to bits and pieces.

“ Although I only had a little time with you, you always made new laugh with your typical cat ways. I hope that you rest in peace and know that we're all thinking about you and love you.

“ Picking you up today is going to be the hardest thing for me. I love you, thanks for being my pal.

Ashley Bukovsky - November 24, 2013 at 11:05 AM

“ I can't believe you're gone. As long as I've been alive, you've always been a part of Ashley and Debbie's family. I remember being in Elementary school playing GTA with Ashley and you hanging around us. I remember when you ran away and searching for you in the graveyard all night (still didn't find you). I remember all of the times you slapped Meow and glared down Smoosh :(I remember the second to last time I saw you. It was the end of August, the day of Debbie's 60th birthday. I put my chocolate ice cream on the floor and you knocked it over. You got me in trouble with Ashley!!! We cleaned that carpet for over an hour... I remember laying next to you on Ashley's futon in September, avoiding cleaning Ashley's house xD. I can't believe that was the last time I saw you. You were a very wise and loving cat, in your own way. I will really miss you, and Ashley's will never be the same without you. I'll miss the way you run across the desktop when I play Candy Crush :P. Rest in peace you little old man.

“ It's only been 2 1/2 days and I just can't get the image of you leaving this world out of my mind. I wake up, I see you, I go to sleep, I see you. My heart hurts, the pain is just unbearable. I keep going back and forth between the thoughts of if I will or will not see you someday, I remember for years I'd cry about losing you, and now my biggest fears have become a reality. I hoped you made it to at least Christmas as I always loved to see you in your Xmas getup, green eyes lit up like the lights on the tree. I love you so much, I wish I could talk to you (although you don't understand me). Wherever you are, please be happy, and when my time comes, be the first one I see. I love you, I love you, I love you. xoxox

“ My beloved Leonard,
I don't even have the words to express my sadness of you no longer physically being here with me, but I'm happy to know that you're no longer in pain. You gave me 20 amazing and precious moments that I will cherish forever. There are no goodbyes here, only "I'll see you later". I love you.

-Your sister,
Ashley
