“ Lucky, my first sweet baby. Mommy misses you so much. You were always by my side. We did everything together and I would not care to sneak you anywhere and argue with someone who told me no. You went to Florida with me every single time. You loved my babies. You always would check on me whenever I was feeling down especially through my first post Partum with Elias and I honestly don’t know how I’m going to move on without you. I said mean things but trust me I never meant them. You were such a sweet baby and a great dog! I love you so much and miss hearing you in the middle of the night walking towards your water bowl or to go use the potty. Or when u were going into your bed. I miss seeing you in the morning when I’m getting ready to go because you wanted to make sure you were tagging along. I miss you my luckykins so so so much

“ Hi Lucky, it's been so long mamas ☐💖 your mom and I were teenagers always hanging around the block taking you on a stroll and when she first got you, we went to the movie theater and I held you in my hand and sneaked you in with us inside my hoodie. Your energy and zoomies showed that you were having the best time of your life. We will miss you, but we know you'll always be around. Now enjoy and rest up there where you feel no pain. You were always such a good girl, we love you 🙏💛
