“ *You where the 1st Baby, the 1st true Love and it is hard to let go after 11 years, when you still around every second of the day..... We will always love you and you will always be in our hearts*

“ *DOGS ARE NOT OUR WHOLE LIFE,  
BUT THEY MAKE OUR LIVES WHOLE*

“ LUNA.....

*There is no way...  
a Dog loves without by-ends  
without asking anything in return....  
He looks at you and the only thing  
he is asking is  
to be loved as he loves you  
as he loves your family.*

*He ask you to be looked as  
he looks at you, he lives for you  
to serve you  
whenever you'll need to cheer up  
when you'll be crying  
and  
to rejoice when you'll rejoicing.*

*He lives his short life  
trying moment by moment  
to enter your heart without a way  
or by-ends.*

*You could ask him to be quiet....  
he will accept it  
You could beat him to destroy him...  
he will still be loving you*

*But never you ask him to hate you...  
he will not do that  
he isn't able to hate...*

*You could abandon him on the wayside...  
he will wait for you until the day he will die  
You could take his dignity away from him...  
he will take heart from the little happiness*

*moments he lives with you*

*You could play on his feelings, annihilate his body...  
he will keep loving you...  
but you couldn't kill his soul.... he is an angel*

*He will wait for you when you will be late  
and when you will be back...  
he will greet you as if he hadn't see you for years*

*He will play with you and your children,  
caring to respect your family  
He will respect every limit you'll impose him...  
never complaining  
He will suffer...  
but he will never complain*

*He will sleep in the cold, but he will dream day by day,  
when you'll be near*

*He will grow old realizing that you're still young....  
and he will try to be young for you*

*He will die...  
and his only desire will be to feel that you're close to him that day.....*
