“ *Muggers it was love at first site the day I came home in August 2004. There you were on my bean bag with your brothers tiny as can be. From that moment it was my job to love you forever. We had so many memories together and now as I sit in my room looking at your cage empty, I still hear you meowing and calling out to me. I know your with eins and nibbler playing. I miss you more then you'll ever know. I am heartbroken without you but one day we will meet again. RIP muggers meow* ❤️❤️❤️
