“ *Midgie was my best friend. We were always a team. My favorite thing about my girl was the way she spent every night under the pillows next to me. Didn't matter if we were at our regular house or the shore. Midgie was always with me. I will miss our night together. The trips down the shore with her riding up front. And the lazy summer days laying on the swing and the chairs by the dock. Miss you forever and always munchcadoodle. Much love
