JA

“ *There's an empty space
Where you used to lay,
and an ache in my heart ❤️
that won't go away.
I couldn't have asked for a better friend.
You were my faithful companion until the end, now you're roaming
endless fields, forever free to run.
Listening to the song of the wind beneath
the golden sun.
Meet me at the rainbow 🌈 when the time is right. Run into my arms
again, walk with me into the light.*
