EW

“ *Obbie was the best boy. Anytime any person came into the house, he would get super excited and run to grab his favorite toy and bring it to that person. His mother, Vanessa, had him from 3 months old to 15 1/2 years old. He loved little kids and let them walk all over him, but he never got mad at them. Obbie would just lick the little children and continue to snuggle and protect them. He even raised a little human himself, his brother PJ. PJ was born in 2012 and lived with Obbie for over 8 years. Anytime PJ came to the house Obbie was super excited. So many people came to see Obbie his last few days with us and he loved every second of it. Obbie is in a better place now and wants everyone to hug and kiss their good boys and good girls to honor him. Your mom and dad will miss you, but we are glad you were there for such special times in our lives. We love you Obbie* 🇺🇸🐶🌈
