“ *Even though it's been several years now, I still think of pepper and miss her. She was a wonderful dog and a good friend and companion to a good friend. May pepper rest in peace where all the good pets rest.*

“ *I will miss Pepper Prebish.... She always would run all around when she was out of her cage and had a lot of excitement. She was your companion through the advancement of your life and career. RIP Pepper.*

“ *Pepper was a wonderful dog, she was a faithful and loving "friend" who enjoyed traveling all around the country as I moved with different jobs. I was lucky to have her in my life! She is missed.*
