“ *Pepper was our sweet little doggy. She was with us for 12 wonderful years. It was so heartbreaking to let her go but she's now running around and chasing all the other animals and having a carefree time in heaven. She has been our bestest girl always watching tv with us, traveling in the car with us, and staying by my side and keeping me company when I was recovering from major surgery. She will be missed greatly by both Ian and myself.*
