“ Polly or Polly O as we affectionately called her here at my senior dog rescue home, was such a sweet dog. She was an independent female miniature poodle who did not bother anyone amongst the pack of dogs she lived with. Blind in her right eye from birth, Polly did not let that stop her; she marched on to the water dish, her food bowl, and out to the backyard. Polly had the can do spirit evident from the first day I met her which was November 17, 2021. May God rest Polly's sweet soul. God bless you always Polly.
