“ *For some reasons, Otis LOVED Christmas! As soon as the tree was in the house, he was the happiest. He always knew which present was his and with not hesitation would pick up his box and open it. We had to hide until then... We have many pictures and video of him doing it...check them out!*

“ *Our beloved Chocolate Lab, Sir Otis The Happy, transitioned peacefully this morning in our home. He was born by the fire place almost 14 years ago and he touched my heart and soul forever...He taught me about True Love without condition...I miss him so much....and at the same I feel his presence everywhere.*
