“ *Our Little Miss Stella:*

You have left a hole in our hearts and an eerie silence in our house. Still, we are grateful for the joy you brought into our lives for 12 years. Your presence permeated every aspect of our lives and your absence has left a void we feel constantly. We hope you enjoyed the life you had by choosing us to be your humans and that the pain you felt later in life has ceased to burden you.

We miss you and you will forever be a cherished member of our family.

Rest in peace our dear girl.

Love always,

Mommy and Daddy
