“ *Every time I would try and give my mom a hug. Thor would get in between to either get a a group hug or just to push me out of the way!!! LOL. He was the sweetest dog ever so I'm thinking it was more for a group hug; he was just so big he would knock me out of the way!!! LOL*

*Thor began his journey with us and he was a very special boy ... he was identified with a silver ribbon at birth and we called him the 'silver bullet'. His mom still lives with us as well as an aunt and sisters - all of us send our love and pray for great peace and joyful memories to remain with the Russell family.*

“ I remember when you first told me about Thor at the Family Picnic, I could tell he stole your heart by the way your eyes sparkled! I loved hearing about how you cared for him, fed him and loved him. My condolences to you and the Russell family on your loss. Barbara Cap
