“ *Its been 17 days and i could still feel the emptiness in the house without you. Still can't believe you passed away unexpectedly.... so sudden at least you went in peace with no suffering or sickness but.... in a deep sleep. Love you always Tiggy.*

“ I never knew you'd leave such a huge impact on me when your gone..  
Now that your gone whos going to keep me company on lonely nights.  
Now that your gone whos going to keep me warm on cold nights.  
Now that your gone whos going to lay next to me on the couch and watch t.v with me.  
Now that your gone whos going to listen to me when noone else would.  
Now that your gone who else is going to give me the love and affection and the connection we both had.  
But 1 thing i do know is that noone could ever replace what we had.  
No one could ever make me feel comforted the way you did.  
You knew when i was down because when i was you would be the one to lay next to me and just stare rub your head on my arm and stare.  
Look up as in letting me know you there.  
As i come through the door you would run to me and rub on my legs as in letting me know you missed me even if its only been a few hrs.  
Well all in all im sure going to miss all the ways you were.  
The house feels so different without your meows and hearing you run around the house knockin stuff down with your playfulness.  
Im going to miss your everything but now your in a better place resting in peace.  
Who knows maybe we will see each other again in another life. Si Dios Quiere.  
Love You Always & Forever My Tiggy Wiggy
