“ I am getting your paw print tattooed this week behind my right ear. The memories I have of you sleeping and putting your wet nose behind my ear where I could hear you breathing while you & I fell asleep. That is a wonderful memory. Just 1 of many great times we shared. Oh Winnie how I miss sleeping with you. Now when I sleep I have restless nights. Without you my cuddle bug sleep does not come easy anymore. I miss you so much.

“ Oh Winnie it's been a little over 3 weeks and we are not doing to good since you left us. I know you were called Home and someday We'll come and get you but for now all we have left are the Wonderful memories of our LiL' Winnie. So many special times we shared run through my head. I am so sorry that you couldn't be saved since you tried so hard to make it. I wish I could have been there for you Winston. I would have held you and told you how very sorry I was & the dumb choices I & your daddy made that caused your demise.

I know it was an accident deep down but I can't stop thinking IF ONLY'S. Since we thought you were missing in the woods and looked for 4 hours for you but little did we know that an Suv had hit you and you were taken across town to a Vets office. I was so happy that they found you but then it quickly turned to the most deep and terrible pain I have ever felt in my life.

Living without you was not something I thought I would have to go through so soon. We miss you more than words and the tears speak even louder. Our grief is deep and our hurt over your loss is something we will forever live with.

Oh Winston you gave so much to us and you have no idea what you did to make this family even more special. We hate not having you here with us. I know one day we will pick you up at Rainbow Bridge and live happily together again. You live within our hearts and our minds are filled with the many moments & memories of you.

Mommy, Daddy, Shiloh, Holly & even Stormy miss you. Well not really sure about Stormy but she is part of our family too. You were the best little Winnie in the World and you truly meant the World to ME the most. You were my baby Winnie & although I favored you the most I do love Shiloh & Holly too but there was something very special about you from the very 1st day. Mommy is hurting most since you & she shared so many wonderful times together and on a

level no one can truly appreciate unless they rescue a dog from terrible situations. Winnie you may have thought I save you but truly you saved me. Thank you.

Winnie we are sorry for the events that played out on 11/16/2014. Having to go through this has been very hard. The hardest thing we've ever been through. Our pain runs deep and we ache to hold you and touch your beautiful soft velvety skin. Oh Winnie our sweet sweet Winnie. Rest Easy, Play hard and be Free at the Bridge. I know you are flying like that BlueJay that comes to visit as of lately in our yard.

I Know that we will think of you always and one day we'll all be 2gether 4ever. Winnie thank you for the 3 years and 2 months we had with you. Just so glad we had you even if it was only for a little while I am glad that you came into our lives and forever changed us and our family. Winston you taught us so much and gave so much to us. Our lives are certainly better for our time with each other. You are so missed, so very loved and will live in a very special place within us all.

Until our roads merge again Winston you will be the angel who is watching over us. You are our Little "Pooh Bear" and I know that many Winnie's like you need our help. Please lead us to them and guide us to those in need Winston. For in your name and memory we will rescue others like you. Very special dogs who have a tough times are waiting for a temporary home until we are all called HOME to Heaven. Winston I know you are HOME now but I so would love you here still. But for whatever reason it was your time to fly. So go fly free our Wiinnie. You were my World. & a very special part in our family. Although it's shattered now I know the pieces will eventually get put back together but never fully since a part of us died that day on 11/16/2014. Mommy, Daddy, Shiloh, Holly & Stormy too love and miss you so very much. Winston Orlando "Winnie" Our LIL' "Pooh Bear". Forever in our hearts always. You'll be forever loved and missed xoxo...

My heart still has a hole in it and is as big as the day you left us. I still cry rivers of tears for you too. I miss you so much my Little Pooh. I always knew how much you meant to me Winnie. Not having you with me everyday has been the hardest part of my life and learning to live without you is something that is truly breaking my heart. I love you so much and will love you always. I am so thankful that you were part of my life. You asked for nothing and gave me everything. You were my world my Wonderful Winnie. Time and absence will not change that. We will meet again and will be forever the family we were here on earth. Mommy, Daddy, Shiloh, Holly & Stumpy. We all miss you xoxo...
